PLACE YOUR BET

BULL SALE

SATURDAY
MARCH 9TH, 2013 @ 1 PM
DRYLAND CATTLE TRADING
VETERAN, AB
Welcome to the 7th Annual Place Your Bet Bull Sale!

Welcome to the Seventh Annual Place Your Bet Bull Sale. We’ve seen record prices on bred heifers and cows in purebred and commercial sales, if that is any reflection on our upcoming cattle market, the news is good! New people are buying into cattle and that is exciting for our industry! We are excited for the spring of 2013 and look forward to embracing it with our customers!

If you are looking for red, black, or baldy’s, we have what you are looking for! The cattle producer has to be flexible to our customers and raise what they are looking for in a herd sire to give them the consistency and reliability of what the industry needs. We strive to provide bulls that provide a combination of all traits from calving ease, maternal and performance. We’ve got a solid group of bulls that combine those traits you are looking for. These boys will add pounds, a combination of maternal traits and put cash in your pocket at the end of the year! If you’re looking for a bull to fit in your a commercial or purebred program, Veteran is the place to be on March 9, 2013. All bulls are semen tested and sound by vet inspection prior to the sale. Insurance is available the day of the sale.

Bulls will be previewed prior to the sale, but feel free to stop in for coffee and a visit on the farm to have a look before hand. If you are unable to attend the sale, please contact us or our capable sales staff and we will be glad to assist you. Look forward to seeing you there.

Sincerely,
Place Your Bet Bull Sale Consigners

Maternal Grandsire of Lot 32
- A march calf with some cool chrome
- Dam is a real stout payout daughter
- Part of our display group at bull congress
- HOMO POLLED/BLACK TESTED

SUN STAR COALMINER 48Z
BPG766400  SSSF 48Z  17 March 2012

Sire of Lot 31, 32 & 33
- Real complete black baldy son of 451u
- Shot of flec on the bottom side of pedigree, added performance

SUN STAR BREAKER 41Z
BPG773390  SSSF 41Z  10 March 2012

- Real complete black baldy son of 451u
- Shot of flec on the bottom side of pedigree, added performance
A stout hairy rascal since birth, 13Z is out of a smaller framed cow that weaned way more than 50% of her own weight! Our Preferred Beef daughters are second to none in milking ability and do-ability. They may not be big, but they are mighty hard working cows! This year is no exception; Crown Royal is meat, muscle and hair! We can’t say enough great things about our Mayhem bulls and docility ranks up there as well. Don’t miss this great opportunity to own one of our first red Mayhem sons to sell! His picture says it all, he really is that good!

Sire to Lot 34, 35, 36, 37, 41, 42, 43, 44, 45, 46 & 47

The other solid red Mayhem son, our two red boys are so similar that you have to get close to tell them apart! Out of a solid black Mac daughter, she continues to impress us year after year and this year is no exception! He will add hair, overall thickness and docility. Jack’s sisters are moderate framed good milking females. This cow family traces back to one of our original show cows and has plenty decedents in the herd. Count on Jack to stick around for a while and add moderate hard working cattle to your herd!
Maternal Grandsire of Lot 36

Here’s another Mayhem son out of a solid red Dream On daughter. The dam to 17Z is a very easy fleshing cow with a tight udder and very clean, correct structure. This cross promotes very strong maternal traits without sacrificing performance. Smash is long bodied, deep sided and as easy fleshing as they come. He will Smash down the scale adding pounds, do-ability and milk!

Maternal Grandsire of Lot 37

Another Mayhem out of a Preferred Beef daughter that is our cow of the year! She consistently produces the heaviest weaning calf each year and breeds back just the same! Coca Cola is our color in the pen this year; his white face makes him easy to remember and to see when he comes up to be scratched! He’s wide, he’s deep, and he’s very quiet! Last years full brother was our sales high seller at $8000 to Michael Lutz from Holden and this guy patterns much the same. Look for him on Sale Day!
Mac Attack is out of our old faithful heifer bull Mac Daddy! He continues to give us solid sons and females with low birth weights and lots of growth. Our milking females have proven themselves as RJA 10Z and JLA 10Z are out of Mac cows. 5Z is no exception, from a moderate red cow who milks hard came a solid black square hipped clean fronted bull that could be used on heifers or cows. We continue to praise our Mac calves and 5Z is at the top of our bull list.

BW WW YW

Another strong Mayhem son out of a very productive cow family! Bodybuilder, Dream On, and Caesar – what a set genetics for a cow family! Out of a beautiful red Caesar cow with perfect udder and 2 in herd daughters, this is her first bull calf and we are very excited about him! Jacked Up is all that. Jacked on genetics, style and muscle and a little white star for class! He will add muscle, depth of quarter, length of spine and lots of hair! Looking for a bull to cover all you basis, Jack your herd up with 18Z!

900 1300

CE BW WW YW MCE MW Milk
5.6 1.9 32.7 55.3 4.3 22.5 6.2

We found some Red Label semen floating in the tank and are glad we used it here! This red soggy fella is labelled just like his sire. Labelled will add performance, and pounds and he is packing measuring 37 cm under one year of age! His dam is just a moderate solid red second calver who milked really hard for this boy. There is pounds, meat and fertility in this combination! Label your calves this spring with 4Z!

BW WW YW
102 900 1300

Sire of Lot 39

Mac Attack is out of our old faithful heifer bull Mac Daddy! He continues to give us solid sons and females with low birth weights and lots of growth. Our milking females have proven themselves as RJA 10Z and JLA 10Z are out of Mac cows. 5Z is no exception, from a moderate red cow who milks hard came a solid black square hipped clean fronted bull that could be used on heifers or cows. We continue to praise our Mac calves and 5Z is at the top of our bull list.
The sleeper in the pen, a younger calf and a twin as well, 22Z keeps coming on everyday and you wouldn’t know he’s one of the youngest in the pen. He is sharp fronted, deep ribbed and had a big foot under him. He dam has been an eye catcher since birth as one of our most productive cows. The Magnum cows are bigger framed, but easy doing cows with lots of milk. He is correct and sweet headed and another solid Mayhem son to add power to the group! Last year’s brother sold to Will Pattison. THIS BULL IS BEING DNAed FOR SIRE VERIFICATION. RESULTS AVAILABLE SOON.

Magic strikes again! She loves to have bull calves and they get better every year! I have said it before and I will say it again, we call this cow tank for a reason! She isn’t big, just really solid built with good udder, great feet and legs and an awesome disposition. We showed her as a yearling and she was halter broke in only a few days! 16Z is no different than his dam, solid black, sweet headed, and lots of capacity. He will stamp calves just as solid as his sire does! Last year’s full brother sold to Ferrier Enterprises.
Here is something different - In Dew Time! Absolute is absolutely different genetics than everything else here! We have used In Dew Time for a slight twist in genetics; this first calf heifer did a whale of a job on her first calf! If you want to add length to your program, 11Z is the bull for you! He comes from a solid cow family, who's dam, grand dam and great grand dam are all still in the herd, now that is stay-ability! Here is an outcross bull to check out!

CE BW WW YW MCE MW Milk

Mayhem here again paired with a strong Mac daughter. He adds length to anything we breed him to and we all know length weighs more than depth! Johnny is no exception, being from another dominant cow family (three bulls in the sale), they consistently produce quality stock year after year! Cow families are important and when they continue to prove themselves they only better their reputation and the ease to promote them. Lots of testicle, hair, and length, and more length!

I can’t say enough about cow families and 18S is no different, quality cows produce quality bulls. A Black Cisco cow with a solid foot, a great udder and a square hip and then mating with Mayhem proves to be a great combination. Lots of length, muscle, testicle and hair, that is what you see in Dirt Road! Look for him and his solid genetics on sale day!

Here is something different - In Dew Time! Absolute is absolutely different genetics than everything else here! We have used In Dew Time for a slight twist in genetics; this first calf heifer did a whale of a job on her first calf! If you want to add length to you program, 11Z is the bull for you! He comes from a solid cow family, who’s dam, grand dam and great grand dam are all still in the herd, now that is stay-ability! Here is an outcross bull to check out!
A black gunner son with 85 lb. birth wt. gunner crossed with mccallister should have.

Great calving ease and maternal power.

The youngest calf in the pen but he stands up with the rest of them. Moderate framed, smooth shouldered, and lots of muscle, Captain would work well on cows or larger framed heifers. His dam is also a solid black moderate cow with a perfect udder. She milks hard and he has done well being so young compared to his pen mates. Captain will as hip structure and strong maternal traits; check him out on March 9th! Last year’s full brother sold to Ferrier Enterprises.

A black gunner son with 85 lb. birth wt. gunner crossed with mccallister should have.

Great calving ease and maternal power.

Dam of Lot 48
Maternal Grandsire of Label Me Teddy

We bought WJS Label Me Teddy 129x as the lead off red bull at Transcon’s Red Deer Select Bull Sale from WJS Simmentals of Amisk. He met all our expectations. He bred well, calved with no problems and left us with a great pen of bulls and his heifers show promise. We used him heavily and are extremely pleased with the result. The calves may not be “cookie cutters”. They are for sure all useable bulls. They are all stout, deep bodied and moderate framed. They all show good performance and eye appeal. There should definitely be a bull for every taste. 3 Teddy sons placed 2nd in class at the Lloydminster stockade pen show.

Dam of Lot 49

BZ a powerful 1/2 Fleckvieh son of our new herd sire WJS Label Me Teddy. BZ was part of our 2nd place pen of 3 at Lloydminster pen show and also in our string at the Canadian Bull Congress. BZ is the stoutest, most powerful calf in our offering.
A blazed faced 129x son long bodied, stout made with lots of hair. Another of our show pen his dam is another good 16n daughter. 20z has a great future. 20z was part of our pen in lloyd along with 8z and 50z.

A dark red 129x calf with a small blaze a very attractive calf out of a good fleck cow a real good calf with lots to offer. The 129x calfs are, as a group tremendous calfs that all have a lot to offer. We feel that this is just about as good as it gets; another member of our show pen. 50z was in lloyd along with 8z and 20z.

A long bodied heavy muscled 129zx calf with lots of hair. Another south holden 16n grandson.

**Dam of Lot 55**
Finally something a little different-- a good black 129x calf his dam 26s sent 3 bulls to previous sales. We used one of them last year and drew semen for in herd use and have some good hfrs in the pen at home. We wanted to use him mainly because of his dam. 74z will do a good job also.

A younger 129x son lighter colored but in the mold of his older 1/2 brother 50z. His Mania dam is a maternal sister to 50z. He will grow into a good one.

A 129x blaze faced calf out of a big bodied 16n daughter. 55z is another very good 129x calf dark red and sharp looking.

A twin to 55z another of several 1/2 and 3/4 brothers he got set back a little but is starting to show his potential. His dam is one of our stoutest cows. Similar in type to dam of 74z.
Another red iron calf out of a very good dynamite black cow. He is deep and soft made with good hair. A red baldy 129x son that will grow into a good useful bull.

129x son out of a good young freedom cow. He is long and well put together. Another good red 129x calf.

Another red iron calf out of a red doc cow again dark red with lots of hair. Lots of power with a calving ease pedigree. Red iron is a shearforce grandson.
A prowler son out of a bombshell cow that as already sent 2 bulls to this sale. Another long sided calf dark red with lots of hair.

Sire of Lot 62 & 63

A red iron calf out of a 1st calf crocket hfr we got 2 red iron calfs and are very impressed with them. 46z is very dark red with great power and style. He is has stout as they come. THIS BULL IS BEING DNA'd FOR SIRE VERIFICATION. RESULTS AVAILABLE SOON

Sire of Lot 64

A prowler son out of a bombshell cow that as already sent 2 bulls to this sale. Another long sided calf dark red with lots of hair.
**SOUTH HOLDEN ZACK 4Z**

PG773030  FLEM 4Z  4 January 2012

A long bodied dark red son of the new gunner son bombardier.
His dam is a daughter of our home raised black joker son south holden blk joker 16n.
4z is one of several maternal 1/2 brothers. Easy calving with good maternal and performance.

**SOUTH HOLDEN ZOMBY 27Z**

PG773041  FLEM 27Z  14 January 2012

A long bodied dark red son of the new gunner son bombardier.
A little more frame. Lots of good maternal power with 3c pasque, 600u, red doc and gunner.

**SOUTH HOLDEN ZORCE 7Z**

BPG773034  FLEM 7Z  7 January 2012

A blk son of the popular calfing sire shear force.
65 lb birth wt. and 800 lb weaning should make a heifer bull. His 1st calf dam is sired by south sevens ferdi bull adds to the great maternal strength of shear force. 7z is long and smooth.

**SOUTH HOLDEN ZOOMER 35Z**

PG773051  FLEM 35Z  19 January 2012

A red boomer out of a 1st calf hfr from sun star’s good prowler bull.
35z granddam has twin 129x calves in the sale he is solid dark red with lots of hair.
